# SABRETT SAUVAGE CABARET

---

A monster created by :  
La Favorita Productions

Duration : 1h00

Open-air show or not

Welcome to the Cabaret Sauvage,  
where chaos dances with madness  
and music resonates with the  
rebellious soul. It's a world  
where punk marries the circus,  
where theater intertwines with  
dance in a celebration of  
extravagance and freedom.

## TEASER 2024

In this underground venue, at  
the heart of darkness, resides  
an untamable energy, an  
electric fusion of sounds and  
movements.

The wild rhythms of punk,  
psychobilly, cumbia, and rock  
'n' roll blend into a  
rebellious symphony. The notes  
roar, bodies move frenetically,  
and the spirit burns intensely.

*Listen to the power of La Favorita*

In this universe, each act is an invitation to dive into the abyss,  
to defy norms, and to embrace chaos. The Cabaret Sauvage is more  
than just a show; it's an experience, a journey into the unknown,  
an exploration of unbridled imagination.

So, let yourself be carried away by the tumultuous wave of the  
night, let yourself be seduced by the flashes of light and the  
dancing shadows. Enter the void and be swept away by the magic of  
the Cabaret Sauvage.

## THE ORIGINS

---

In the heart of Brussels, in the midst of its street atmosphere and underground culture, the idea of Le Cabaret Sauvage was born in 2021.

It's the fruit of the coming together of several artists from different backgrounds with a common goal: to create, to entertain, to dive into utopia, to propose and produce shows combining theater, circus and music.
